

November Update

Dear Friends,

Thanks so much for your prayers for our busy month of October. Peter and I had a great weekend away – very relaxing and refreshing. Although Peter didn't get as much study done as he had hoped, he was relaxed for his exam on the Monday and did quite well. Everything is coming together for the purchase of the house and land package even though we have had several delays (which actually gave Peter more study time). Peter has had another dose of the flu this past week, but seems to be recovering a lot quicker this time. We saw evidence of people's prayers and Peter's improvement in health when he preached a couple of weeks ago – it was the most animated he has been while preaching in the past couple of years!

On Thursday Peter has his final NT Greek exam and would particularly appreciate your prayers. It is a three hour exam in the afternoon (his worst time for concentration).

Praise:

- A refreshing and relaxing time away on the missionary retreat
- That we are seeing some improvement in Peter's health
- Everything is continuing to go ahead with our purchase of a house and land package

Prayer:

- Peter's health to continue to improve
- Concentration and stamina for Peter during his NT Greek exam: 2-5 pm on Nov. 8th
- That we will be a light to those around us – particularly mums that Raewyn has contact with through playgroup and school
